The Second Project Meeting under “Matching skills with vacancies for the organisation of sustainable VET” – S_vOS VET project took place on 12th – 13th of April 2010 in Budapest, Hungary. Each partner in the project presented the sector with leading role in their country. After that we

discussed the forthcoming surveys on the skills necessary for the identified positions as well on the skills provided by VET concerning these key positions. All presentations and discussions were quite useful and interesting.

Having fun...

After the hard working day all partners were kindly invited by our hosts – Hatarok Nelkul Kereskedelmi es Szolgaltato Kft – for one hour river cruise. We were all amazed by the beautiful sceneries that revealed in front of us on both riversides – Buda and Pest.

On the second day of the meeting we discussed the content of the project’s final document – the Methodology. ISEP presented the website of the project and the College of Banking presented the logo of the project.
